REPORT FOR THE MONTH OF JANUARY, 2020 (TOM EK POT JR)

Dearly beloved in Christ, I greet you all in Jesus name. I thank you for your prayers and cooperation in preaching the undiluted Gospel in Africa. May God continue to bless each and every one of you in His special way. Your sacrifices will never go unrewarded. We are doing our best to ensure that we reach as many with the Gospel and keep the saved safe.

The month of January has come and gone so swiftly. We thank God for the month of February. We are pleading with God to enable us use every day as if it is the last opportunity we have in reaching out to lost souls. The rate at which people are being killed in Nigeria is frightening. As many people are dead without Christ, they stand before God condemned. This makes this work more urgent and necessary than ever before. As I mentioned in my report for last month, the security situation in Nigeria is worrisome. People are no more safe in their home and on the roads. Islamic terrorists are killing people without mercy. I thank God for His grace despite the fact that we are on the road on daily basis.

From the School of Biblical Studies, I give thanks to God for safely bringing back our students who went for holiday. Some

of them went to areas that they cannot move unless the military escorted them. Their return to school safely is just God's grace.

As usual, when ever we return from break, we meet to gather to share our successes and challenges, and renew our resolution to expand the horizon of our coverage. The picture below shows cross section

of the students of the School of Biblical Studies during their evangelism seminar. We have since started our weekly evangelism door knocking. Please, keep praying for us. Our mission is to preach the Gospel of salvation to the lost, but the Devil is there to cause confusion. Pray with us that God will spare us from dangers.

Christians in Jos have realized this eminent need of preaching the gospel also. On the 26th of January, we gathered in a local congregation in Jos to ensure we cover the area with the

Gospel of Christ, knocking doors, and preaching the Gospel to those willing to be saved. The picture below is a cross section of some Christians who came out for the exercise. As always, majority were women. I do appreciate women's love and commitment for God. I have no doubt that more women will go to heaven than men.

I have made arrangement to produce more tracts to reach those who are too busy to study with us. One of the tracts is titled, "Do not Remove the ancient Landmark," another one is titled, "Why I need Baptism." And the last one is "Some Important Life Questions." I have so many prospect studying by correspondence. I know, by the grace of God, some day, many of them will come to obey the gospel.

Our class at Foron mission Church of Christ is on Jesus' Sermon on the Mount. It is a series of lesson designed to teach Christians kingdom life. Our children class is progressing. I ensure I provide them with cookies every Sunday. That motivates them to come around.

At Mazah Road Church of Christ, our Friday's class is still on ethical issues confronting Christians. We are presently dealing with lasciviousness. The class is interesting as current issues and questions are address each week. At our Tuesday's zonal class in Jos city, we are dealing with book of Ephesians. Keep praying for us. I really appreciate your prayers and how far God has brought us. Islam has promised to take over everywhere, and we have resolved that we must let people know the truth. Our struggle is not against man but against principalities and powers. Christianity in Nigeria must survive beyond our generation, it must survive till Jesus comes to take his own home. So as long as we live, my family has resolved that Christ must be glorified, and the kingdom of God will not suffer defeat on account of us. May God continue to bless you all in every good way.

Bible Scramble: Unscramble the letters in each word to discover the passage. Solution on the back page but you will have to use glasses to cheat...or a microscope.
