ABASIAMA'S FEBRUARY 2017 REPORT FROM CAMEROON

Greetings to you all the churches and workers and supporters of West African missions. We still have reasons to give thanks to God for the progress of evangelism in Cameroon despite the continuous crisis in the country. How have we progressed with the work of Christ and the Church in the Limbe municipality in the midst of the current crisis? We have made a considerable progress the area of growing the new converts into responsible worshippers and workers.

By teaching and example, we encourage both the full-grown brethren as well as the new disciples to be strong and steadfast in the faith. Although our radio preaching has been put on hold as a consequence of the fierce politically-motivated

trouble in the country, we have redeployed our energy to alternative means of reaching the lost with the gospel.

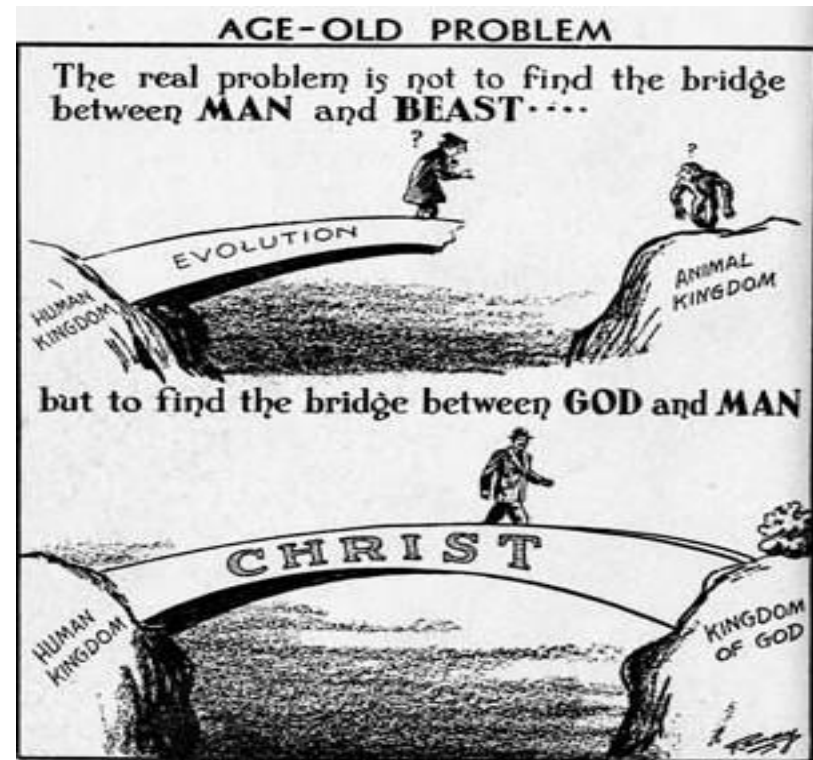

For example, we follow up our numerous prospects whose interests in further studies of the Word were ignited by our mass media proclamation of the gospel through Eden Radio over a period of seven years. The reward of this invested efforts in evangelism is still being harvested in terms of the encouraging number of inquirers or prospects who come to us to request further studied of the Bible.

This work is multi- dimensional, especially considering the fact that we are a young and growing body of believers in Limbe with a nation-wide goal of claiming Cameroon for Christ. This extensive evangelistic ambition of our congregation is integrated into the broader vision of West African mission. This ambition also demands at least an average church building to serve the purpose of worship and church work. For this reason, we tried our best to the faith of the church building some goodness cemented floor beginning in the month of February. In other words, we have done the flooring of the entire building. I regret that this report cannot show any pictures.

For this reason, we tried our best to add to the faith of the church building some goodness of cemented floor beginning in the month of February. In other words, we have done the flooring of the entire building. I regret that this report cannot show

any picture because of the problem of internet disconnection by our government.

This report came from Cameroon by text message. The government there refuses citizens the Internet where Abasiama lives. As you visit with family this Holiday, please remember the Saints in Cameroon in your prayers. -Joe
